

Invitation
ECSB COLLABORATIVE RESEARCH ROUNDTABLE at
RENT XXIII
Building post-doc networking in entrepreneurship and
small business management research

Corvinus University, Budapest, Hungary
18 November 2009

Organised by
Associate Professor Luca Landoli (University of Naples Federico II, Italy)
Prof. Dr. Friederike Welter (Jönköping International Business School,
Sweden)

Have you recently finished your PhD Thesis in entrepreneurship and the small business field and are now wondering what's coming next? Do you want to set up international research collaborations, and are looking for collaborators? Do you want to learn more about publishing your research? Do you need advice on your latest research proposal or an article you are working on?

At the next RENT conference, ECSB is offering a half a day pre-conference event for post doc researchers who have finished their PhD within the past 5 years. We will discuss publication possibilities and your articles, inviting editors of peer-reviewed journals. You also will meet other post doc researchers with similar interests and can find out about possibilities for research collaborations.

Event Program (provisional)

- Welcome
- Workshop: How to write a scientific article
- Coffee Break
- Entrepreneurship & small business research collaboration and networking: how to build a network of research contacts and develop joint research projects

Participants are invited to submit a working paper. A group of senior researchers will review the papers in advance, additionally each participant is required to review one paper. After the introductory talk by an invited speaker, participants will be divided in small groups chaired by a

senior researcher who will provide feedback on common writing issues. The ECSB online forums and the wiki will be used to support the process before and for a follow up to the event.

Researchers interested in participating should apply to **Luca Iandoli (luca.iandoli@unina.it)** no later than

June 1, 2009

The application should include a CV, an abstract stating your research interests and activities and a working paper/extended abstract. Also send us questions, issues and topics you would like to have addressed during the workshop. The number of participants is limited to 12 researchers so we encourage early submission. You will be notified of acceptance within September 1st 2009.

No fee is charged for participation in this workshop. However, participation in the RENT Conference is compulsory. The fee for the RENT also includes one year's membership of ECSB. For more information regarding the RENT conference see www.ecsb.org.
