**small business management research**

Maastricht University, Maastricht Netherlands  
17 November 2010

**Organised by**  
**Associate Professor Luca Landoli (University of Naples Federico II, Italy)**  
**Prof. Dr. Friederike Welter (Jönköping University, Sweden)**

Have you recently finished your PhD Thesis in entrepreneurship and the small business field and are now wondering what's coming next? Do you want to learn more about publishing your research? Do you need advice on your latest research proposal or an article you are working on? Do you want to set up (international) research collaborations, and are looking for collaborators?

ECSB is offering a workshop for post doc researchers who have finished their PhD within the past 5 years. This year's workshop will focus on paper writing and reviewing; and we will invite editors of peer-reviewed journals to discuss your paper drafts and to let you know about the challenges in publishing research. You also will meet other post doc researchers with similar interests and can find out about possibilities for research collaborations.

Researchers interested in participating should apply to **Friederike Welter ([wefr@ihh.hj.se](mailto:wefr@ihh.hj.se))** no later than

**June 1, 2010**

The application should include a one-page CV and a short abstract of the paper draft you plan to submit (please note that we do not accept articles already under review for a journal!). Also send us questions, issues and topics you would like to have addressed during the workshop. The number of participants is limited to 12 researchers so we encourage early submission. You will be notified of acceptance within two weeks after submission closes.

No fee is charged for participation in this workshop. However, participation in the RENT Conference is compulsory. The fee for the RENT also includes one year's membership of ECSB. For more information regarding the RENT conference see [www.ecsb.org](http://www.ecsb.org).
